**Hours**

Monday - Friday: 9:00 - 22:00

Saturday - Sunday: 9:00 - 21:00

## Sunwave IR Heating Panel

**SunWave Group** enters the market as the first Albanian company with a primary focus on innovation and **green technology**, aiming to improve consumer quality of life.

The patented German heating system SunWave is based on the application of magneto-caloric paste composed of **100%** recyclable organic components, considered a new invention in the field of nanotechnology.

The IR rays released during the heating process provide numerous **health benefits** upon contact.

SunWave panels are 98.8% similar to the sun, meaning they heat bodies without affecting the air.

Room temperature is **uniform** throughout, controlled by the thermostat.

The SunWave heating system has passed all safety and air emissions **tests** in the EU and UK.

According to the prestigious BSRIA institution in the UK, the SunWave panel consumes **80% less** than the highest-rated A+++ system.

## Why Us?

Patented **100% organic system**, free from any harmful chemicals, carbon ingredients, safe for any environment.

Positive **health** effects.

Immediate **savings** on the electricity bill.

**Zero** maintenance costs.

**Simple** installation.

**5-year** warranty.

**Suitable** for any environment:  
homes, offices,  
restaurants, gyms,  
pools, hotels,  
industrial  
warehouses,  
hospitals, schools,  
institutions, etc.

## Health benefits include:

- › Improved blood circulation
- › Better body oxygenation
- › Blood pressure regulation
- › Enhanced sleep quality
- › Alleviation of muscle pain and rheumatic discomfort.

**100% organic  
Technology**

**Health  
Benefits**

**80% Reduce  
Heating Cost**

**Certified to all EU and  
beyond Tests**
